

Candidate **Margarette G. White** Special Field **Health and Sex Education**
 3326 Greenwood Avenue, Louisville, Kentucky
 Elementary teacher, Dunbar School, Louisville

Plan of Work

A study of conditions among Negro children of Louisville, Kentucky, particularly girls, caused by a lack of proper health, and sex education. This study is based on personal investigation of conditions, and information secured from hospital and public health records found at other sources. A possible method for improving conditions is included.

Applicant seeks M. A. degree from Columbia University. Duration of study one school year, to begin September, 1939.

Digest of Application

Born August, 1906, Nashville, Tennessee. Single.

B. S. from University of Cincinnati, 1938. Special work at Indiana University, three summers, and at Columbia University, one summer.

Teacher, public school system, Louisville, 1928-38, \$1,420 (present annual salary).
