Sociology

overage and overweight!  
Another P. H. from Peabody doesn't  
interest me.

Missouri (her birthplace + present  
place of work) is scarcely Southern

Her frugal + field are interesting,  
but I don't see that another  
year at Peabody would make her  
much better

Brearley + Eleazer command her  
highly - but scarcely "all out"

Plan of Work

To work at an analysis of the historical and social factors involved in the system of dual education in the Southern States with special emphasis upon Missouri.

Wishes to attend George Peabody College for Teachers under the supervision of Dr. Fremont P. Wirth for the period of one year beginning September, 1943, toward a Ph. D. degree. Has been admitted. Will return to present position but would prefer a position in a more southern institution or with a group working in some phase of Inter-Racial work.
