(Mizell)

June 5, 1940

Dear Doctor Mizell: I am exceedingly sorry to have to deny your request for a scholarship. I am especially sorry not to have been able to send this information to you at an earlier date.

The work at Flint-Goodridge is not under the auspices of the Julius Rosenwald Fund, although we are greatly interested in everything which that Hospital does. I cannot offer you any financial aid to attend those clinics, but I would recommend them in case you are able to get over there on your own initiative.

Yours very truly,

M. O. BOUSFIELD
