

Fellowship Com

February 27, 1942

Dear Mr. Mangravite: Your letter of February 25 came this morning, and it appears that Friday, March 6, will be the best date for me to be in New York. We are accordingly wiring today to all of the fellowship candidates asking that exhibit materials be sent to the Budworth Galleries to arrive at least by March 4.

I will be at the Barbizon Plaza, and am reserving all day Friday so that I can be at your service at any time. I will telephone you Friday morning to learn the time of the meeting. Many thanks for your co-operation.

Sincerely yours,

WCH:MLJ
