Asst. Prof. Political Science, Hendrix

~~Hendrix College SS program~~

to develop a survey course
in the social sciences

Remarkable record
 Remarkable letters
 a fine project
 while I think we cannot
 properly take on the general
 group summer school effort &
 the Hendrix social science faculty
 I think we should give a
 fellowship to this man - This
 single fellowship (with special efforts that
 Hendrix may be able to make) will
 probably bring off the whole project.
 At least it will enable this brilliant
 man to do a fine piece of work
