Dear Supt. Harris:

The Trustees of the Julius Rosenwald Fund have made the following appropriation for schoolhouse construction in Louisiana to be used between July 1, 1928, and June 30, 1929, in keeping with the Plan for Distribution of Aid, which will be mailed you a little later:

Type	No.	Amount per Type	Total	Amount for Brick or Permanent Construction
One-teacher	4	\$200.	\$800.	\$200.
Two-teacher	14	500.	7,000.	500.

Four-teacher	4	1,000.	4,000.	1,200.
Five-teacher	3	1,200.	3,600.	1,450.
Six-teacher	2	1,400.	2,800.	1,700.
Seven-teacher	1	1,500.	1,500.	1,850.
Eight-teacher	1	1,700.	1,700.	2,100.
Nine-teacher	-	1,900.		2,350.
Ten-teacher	-	2,100.		2,600.
<u>Teachers' Homes</u>				
Four-room	2	450.	900.	
Five-room	1	600.	600.	
Six-room	1	750.	750.	
Seven-room	1	900.	900.	
<u>Shops</u>				
One-room	-	200.		
Two-room	-	400.		
Three-room	-	600.		
<u>Classroom add.</u>	<u>5</u>	<u>150.</u>	<u>750.</u>	
<u>Totals</u>	<u>46</u>		<u>\$30,200.</u>	

The number of one-teacher schools is the maximum on which the Fund will give aid the next budget year, and the number of two-teacher schools cannot be exceeded without special authorization by the officers of the Fund. In keeping with modern trends of education the Fund desires to concentrate more and more in the larger consolidated schools.

In order to stimulate the construction of more permanent buildings the Fund has increased its allotment \$50.00 per classroom for brick veneer, solid brick, or satisfactory concrete construction, as shown above in the last column, the maximum for a ten-teacher or larger being \$2,600. We now have a complete set of plans worked out in detail for brick veneer construction from a three-teacher to a ten-teacher type, which will be furnished the State Department as needed.

For the present budget year the Fund is giving aid on two types of shops - a one-room (\$200) and a two-room (\$400). Because of urgent demands from some of the states it was thought best to increase this aid for 1928-29 to \$600. for a three-room shop to include facilities for home economics in the larger vocational schools. Plans for a three-room shop have been worked out in tentative form and will be adjusted to suit the needs of the schools to be served.

As the average term of the schools on which the Fund is giving aid the present year is more than six months, it has been decided to increase the minimum requirement for next year from five months to six months.

Please let me take this opportunity in behalf of the officers and Trustees of the Fund to thank you and your staff for your hearty cooperation and to assure you of our interest in every phase of progress in the education system of your State. When we can serve you, command us.

Sincerely yours,

Supt. T. H. Harris,
State Department of Education,
Baton Rouge, Louisiana

November 7, 1928

Dear Mr. Lewis:

In order to stimulate the building of a school in every county which has no Rosenwald school, the following resolution was passed at a recent meeting of the Board of Trustees:

That the Julius Rosenwald Fund offer a sum one and one-half times as large as the present allotment to the first Negro school unit built in each of the counties in the fourteen Southern States where there is no Rosenwald School; the school unit to consist of a schoolhouse from a two-teacher to a ten-teacher type, and to include if desired a shop or teachers' home, this offer to extend until June 30, 1929.

I am sure you will want to make this bonus of 50 per cent on the first school built in a county as far reaching as possible, and that you and the superintendent will put forth much effort to see that an unusually good building is erected and well equipped, as a demonstration to other communities in the county which may qualify for the regular allotment.

In a new county two or more small communities are desiring to build Rosenwald schools of the one-teacher type, it may be possible for you to use this bonus to encourage the building of a consolidated school; or possibly in some community where they are planning to erect a frame building you might use this to stimulate the erection of a permanent building, since the bonus would be larger for this type of construction.

There may be some new county which could be induced this year to build a model school unit - a schoolhouse, a teachers' home, and a shop - because of the extra 50 per cent of each of the three buildings.

The Fund has made a special appropriation to take care of this bonus so that it will not come out of your regular budget allotment.

Please let me have your reactions on this new project and suggestions as to how many new counties you think can take advantage of this exceptional offer the present year.

Sincerely yours,

Mr. A. C. Lewis,

Mr. S. L. Smith,
Chamber of Commerce Building,
Nashville, Tennessee.

Dear Mr. Smith:

The decided let-up in the Rosenwald school buildings in Louisiana during the last twelve months was, in my judgment, due to several causes. The most prominent of these, I think, is the fact that on account of political turmoil, the financing of free textbooks, and the failure to get effective legislation for providing funds for the schools, the school finances were low, and the uncertainty of it all caused school boards and superintendents to refrain from any expansion or development except in such cases as could be financed independent of the general current school fund.

Second, the low price of sugar and short crop and low price of cotton caused a general depression among the people and therefore it was rather hard to provide additional school funds from local sources; however, in many places additional funds have been voted.

Third, the very high water in the Mississippi River caused the superintendents and school boards in the Delta section to move cautiously. In several parishes plans had been made for building Rosenwald schools along the Mississippi River. A few of these schools have been built, but others were delayed on account of the probability of an overflow.

There are perhaps other causes, but these are the principal reasons for completing few Rosenwald school-building projects in Louisiana during the last session.

Yours very truly,

A. Lewis

Dear Sir:

We desire to make application for aid on the following projects for the year 1929-30:

1 TERM EXTENSION-

One-half salaries of 50 teachers in 10 schools \$2,500, with the understanding that the Fund will pay one dollar for one the first year, one for two the second year, and one for three the third year for an extension of one month or two months, on condition that no salary on which aid is given is to be less than \$50, and further that the county will agree to continue such extension without aid after the third year. (Do not include in this request any part of salaries of teachers on which aid is given the present year.).

2 TRANSPORTATION OF PUPILS-

(a) One-half the cost of operating 2 auto transportation busses an average of 8 months at \$80 per month, \$640 (aid) with the understanding that the Fund will give one dollar for one the first year, one for two the second year, and one for three the third year, and that the county will pay the remainder each year and will agree to continue these busses without aid after the third year,

OR, where the county desires to purchase busses,

(b) One-half the cost of purchasing _____ new transportation busses at an average cost of \$_____ each, \$_____.

(Do you feel that a county would agree to pay all the cost of transportation if the Fund should give half the cost of a bus, or would it be necessary to offer to pay a part of the operating expenses also?)

Dear Sir:

We desire aid on the following items for the year 1929-30:

1 RURAL SCHOOL LIBRARY-

15 libraries on same basis as that of this year,
with same list of books and the same plan of handling,
the amount of aid by the Fund to be \$40 each, or a total
of----- \$ 600

2 VISITING LIBRARIAN-

Part of the traveling expenses of a trained librarian
designated by the State Department of Education to visit
the schools where these libraries are placed and give
instructions on the organization, care and use of the
books----- \$ 200

3 ROSENWALD SCHOOL DAY PROGRAM-

Amount for printing programs, etc.,----- \$ 100

4 HIGH SCHOOL LIBRARY-

(If you desire aid on the purchase of an additional
library with books suitable for high school grades, what
size library would you suggest and how many would you
likely need? Would the same plan as used in the Rural
School Library be satisfactory, provided the list should
be approved by all the State Departments? No definite
decision or plan for this additional library has been
agreed on by the officers of the Fund. The question is
simply being raised to find out if there is a need and
a desire for it.)

Answering questions in above paragraph categorically;

1. About \$60.00.
2. About twenty.
3. Yes.

Dear Supt. Harris:

The Board of Trustees of the Julius Rosenwald Fund on May 11, 1929, made generous appropriations for various aspects of rural Negro schools in the South to be spent between July 1, 1929, and June 30, 1930. You will find below allotments by budgets for Louisiana, and on separate sheets attached details governing the expenditure of each:

<u>Budget</u>	<u>Items</u>	<u>Amount</u>
1	Construction	\$26,900.00
2	Extension of School Terms	
	(a) New schools for 1929-30	\$2,500.00
	(b) Schools qualifying 1928-29	<u>762.66</u>
		3,262.66
3	Transportation of Students	640.00
4	Libraries for Rural Schools	
	(a) 15 (1/3 cost)	600.00
	(b) Traveling expenses librarian	<u>200.00</u>
		800.00
5	For new project to be announced later	-----
6	Building Agent (1/2 salary)	1,000.00
7	Rosenwald School Day Program	<u>100.00</u>
		<u>\$32,782.66</u>

We are announcing at this time the action of the Fund to discontinue aid for construction of one-teacher schools after July 1, 1930, at which time the schedule of allotments will likely be revised with a view to giving greater emphasis to the construction of larger types, and also to encouraging the consolidation of schools.

Please let me take this opportunity to thank you on behalf of the Officers and Trustees of the Fund for the fine cooperation given us by you and your staff.

Dear Supt. Harris:

After the announcement of the budget on May 3, 1928, which includes an additional allowance of \$50. per classroom for permanent construction of rural schoolhouses, it was brought to the attention of the officers of the Fund that this same consideration should be given on shops and teachers' homes since they are an important part of the school plant. The Fund has, therefore, approved the following additional allowance for the year 1928-29:

Shops and Domestic Science Buildings

Type	A	B	C
	Regular Allotment for wooden Buildings	Additional Amount for Permanent Buildings	Total for Permanent Buildings
1-room	\$200.	\$50.	\$250.
2-room	400.	100.	500.
3-room	600.	150.	750.

Teachers' Homes

4-rooms	\$450.	\$100.	\$550.
5-rooms	600.	125.	725.
6-rooms	750.	150.	900.
7-rooms	900.	175.	1075.

We have plans drawn up for brick veneer construction of schoolhouses and will have plans for permanent shops and teachers' homes soon. We shall be glad to see a large number of brick buildings erected next year.

Since the announcement of the 1928-29 budget which gives an extra allowance of \$50 per room for brick veneer or other permanent construction, and the subsequent announcement of an extra allotment of \$50 per room on shops and \$25 on teachers' homes built of permanent construction, requests have come for the same consideration in additions to permanent buildings.

The officers of the Fund have therefore approved an extra allotment of \$50 per room for addition to a permanent building of two-teacher type or larger where such addition is built of permanent construction in keeping with that of the original building.

Dear Mr. Smith:

(Several applications listed, including application 32-H for Armant school in St. James Parish)

<u>App. No.</u>	<u>Parish</u>	<u>School</u>	<u>Type</u>	<u>Appro.</u>
29-H	East Feliciana	Petty-Smith	2-T	\$ 500

36-H	Caddo	Rosenwald #35	3-T	700
37-H	Caddo	Rosenwald #36	2-T	500
Total				\$6,150

I am submitting a sketch showing the plan of the Armant School. Room #7 is designated as an industrial room; however, the building is being erected on brick piers six and one-half feet high and the entire basement will be concreted. Two rooms will be provided in this basement under rooms #2, #7, and #4. These rooms will be suitable for shop work and industrial work. This section of St. James Parish is located in the overflow section and for that reason it is thought wise to elevate the building. It will provide an excellent play place for the smaller children. If you can increase the appropriation on account of these additional rooms in the basement, the increase will be welcome.

If the applications we are filing at this time are not revised as a result of my request, \$4,800 will revert to the Fund. I hope, however, that you will give careful consideration to the request for an increased appropriation in the case of the Armant School.

Yours very truly,

(Signed) A. C. Lewis

Dear Mr. Smith:

The purpose of this letter is to thank you for acting favorably on my request to increase the allotment for the Arment School in St. James Parish. I have already told the superintendent about it and he is tickled over your liberality and thinks that I am a great man to be able to get such a large appropriation. This particular superintendent has completely changed his attitude toward the whole subject of negro education and is one of our most ardent advocates of better schools for negroes.

Yours very truly,

Dear Mr. Smith:

In connection with the final report of the State Department of Education to the Rosenwald Fund for the session beginning July 1, 1928 and ending June 30, 1929, we beg to submit the following:

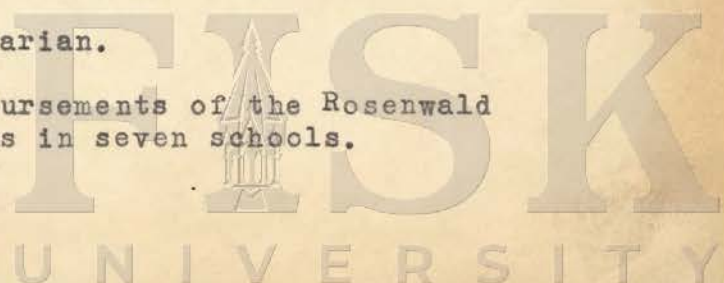

1. Inspection Reports.

<u>App. No.</u>	<u>Parish</u>	<u>School</u>	<u>Type</u>	<u>Appro.</u>
4-H	Vernon	Parish Tr.	Shop-3	\$600.00
13-H	Winn	Winnfield	5-T	1200.00

36-H	Caddo	Rosenwald, 35	3-T	700.00
37-H	Caddo	Rosenwald, 36	2-T	500.00
Total.....				\$8900.00

#Application approved as five-teacher type, \$1200. See correspondence and telegram.

‡First school in parish, \$1200 plus \$600.

2. Detailed statement of building projects completed during year.
3. A statement of receipts and disbursements of the Rosenwald budget for school buildings during the year.
4. A statement of receipts and disbursements of the Rosenwald budget for libraries in Louisiana during the year.
5. A statement of expenses for librarian.
6. A statement of receipts and disbursements of the Rosenwald budget for extending school terms in seven schools.

STATE OF LOUISIANA

S.L.S. #2

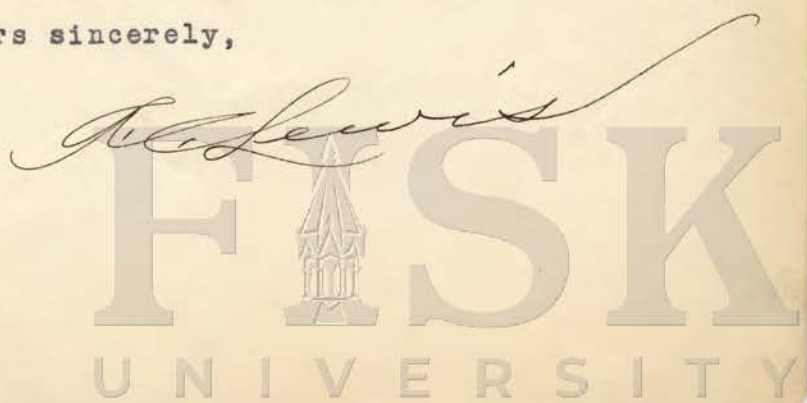

6-28-29.

7. Statement of receipts and disbursements of Rosenwald budget for Rosenwald School Day Program in Louisiana.
8. Statement of receipts and disbursements of the Rosenwald budget for salary and expenses of the State Rosenwald School Building Agent.
9. A statement giving the names of schools which made report to the State office after holding Rosenwald School Day celebration. The report shows the amount of money raised for school improvements, for extending terms, and the number of people attending the exercises. There were a great many schools in the State which observed the day and carried out the program which did not submit report to the office. Another explanation for the small number of schools reporting is that the programs were received from the press and distributed only a few days before the date agreed upon for observing the school day. Some of the teachers reported that they never received a copy of the program.
10. A recapitulation showing the amount made available to Louisiana by the Rosenwald budget, the amount used, and the balance reverting to the Fund in the various items in which the Fund participated.

You will notice that we have not secured the signature of Mr. T. H. Harris, State Superintendent, to the various statements, and you will notice that the date given for checks to superintendents in whose parishes the schools which we are reporting completed with this report is July 14. You will also notice that we are not enclosing our check for \$130.84 reverting to the Fund from the librarian expense account. All of this is due to the fact that Mr. Harris is out of the office until July 14. If it will facilitate your report, you may deduct \$130.84 from the amount due us on account of \$8,900 new building completed. That will necessitate our cancelling check number 2367, which we can do without any trouble to us.

Yours sincerely,
