

FELLOWSHIPS

Formal

January 25, 1938

Dear Dr. Clarke: Mr. Richard I. McKinney, who was not awarded a fellowship last year, is applying again, and has again given your name among his references. Since he has considerably changed his plan of work, I am wondering if you would like to add anything to the enclosed statement about Mr. McKinney, which you sent us last year. I am also enclosing his new plan of work.

We were very grateful for your help last year in giving us a statement concerning this candidate, and we will appreciate any further information you may be able to give us now.

Very truly yours,

RP*McK
