Plan of Work

I plan to gain proficiency in the teaching of mathematics, in general education and in curriculum building along progressive lines in which "subjects" as such are being gradually outmoded and integrated programs are being planned more nearly to approach community needs and interests. I also intend to write the results of my studies for the benefit of teachers in the South who have not the opportunity to study progressive educational methods at first hand.

Wishes to work under Drs. J. Clark and W. D. Reeve for M. A. and Ph.D. at Teachers College, Columbia University. Applicant has been admitted. Probable duration of entire study 2½ years, beginning June, 1942.
