Dear Doctor Bullowa:

In regard to Dr. Holder, I wish to tell you that I have known him for several years. I was always very much impressed by his ability and his sincere endeavor to learn pathology and by his gentlemanly behavior.

When the question came up of the possibility of an appointment for him as voluntary assistant in the Department of Pathology at Mount Sinai, I wholeheartedly approved of it. I have asked Dr. Gross and Dr. Turner how they would stand in the question and they both told me that they would support his application to the Board of Trustees.

I shall be very glad indeed to give Dr. Holder all the opportunities for his further advancement.

Yours very sincerely,

Paul Klemperer, M. D.
