Fellowship Com.

Dec 14, 1945

Mr Frank Mechau
Redstone, Colo.

Dear Mr Mechau:.

Thank you for your interesting letter concerning the Rosenwald fellowship. I have two artists I would like to suggest:

Byron Arnold, Uni of Ala., Tuscaloosa, Ala . He is now doing a very interesting book of folk music in the state of Ala. which he hopes to extend over another year and he will need funds to complete this work. He is doing recordings as well as writing the music and narrative.

Stanton Forbes, Stillwaters , Tallulah Falls, Ga is a painter and is interested in negro subjects. He is just back from the army- he did murals in England and Belgium inbetween fighting.

Joselh H Pyron, Reynolds Ga. Is also a returned veteran, Botanist and is doing a book on Ferns in Georgia and needs help to complete his work.

*sent
anyhow* } Out of the age limit is Dr Marion Souchon , 712 Royal St., New Orleans La. He is a very, very fine painter.

At present I cannot think of anyone else who would qualify. If so I will send their names later.

Sincerely,

Frances Ison
