Jackson - Marquet

August 30, 1935

Dear Dr. Funkhouser: Your letter to Dr. Rorem under date of August 10 has come to my attention. Evidently Dr. Jackson did not intend to miss any bids. He sent a similar letter to Dr. Oppenheimer, which I have already answered. I have written directly to Dr. Jackson and enclosed a copy of my letter to him in a letter to Dr. Oppenheimer.

We are all very much pleased with the success of the clinics, and hope that they may be repeated next year.

Yours very truly,

M. O. Bousfield, M.D.
