Plan of Work To do research in the fine arts resources of the Ozark Mountain region, particularly in an investigation of all the region's native handicrafts, their production, marketing, and exhibitions, and a report of such investigation in the form of a source book of such materials found in the Ozarks.

Requests grant for one year beginning June 1, 1948. Wishes to do graduate work toward the Ph.D. degree if some institution could be found which would be willing to supervise the research on that basis, as obviously, much of the work would have to be done off the campus.
