

1939

ANTHONY VINCENT SHEA, Jr.

27

Research economist and statistician  
Bureau of Public Administration, Charlottesville

Public Administration

Excellent record (though all of  
his work and all of his letters  
are from the single university -  
and allied services - of Virginia  
and therefore are provincial)

Splendid letters  
See part two top  
He doubtless needs the outside  
contacts that a year at  
Chicago would give him

A

(Maybe A - because of  
frustration of his total record)
