

I am getting² along nicely in school in all of my courses. I am enjoying my work so much I am getting many things that will aid me in teaching. I hope to be able to send out some fine nurses from the new school.

You can see that the Negro nurses have a difficult time in the south for getting an adequate salary regardless of how much money they have spent for their education, on the other many of the large schools will not let Negro nurses teach Negro students put white teachers in the Negro schools. I appreciate Dr. Whittington for wanting a Negro instructor in the Negro division of the City Memorial Hospital. I had a position for June 15, at Harlem Hospital, New York City I resigned this position for the one in Winston-Salem.

Yours truly
