Plan of Work To examine the use made of the grant-in-aid: 1. To prescribe and maintain minimum standards of service at levels of local government, and 2. to compel the maintenance of uniform administrative standards. Primary sources are state statutes, official state reports, and federal departmental reports. The study is to serve as the basis for a doctoral dissertation; thus work on the study will be done while in residence at the University, together with such field work as is necessary.

Wishes to work under Dr. L. D. White and others at the University of Chicago. Will spend three months in the field in the state capitals of Oklahoma, Arkansas, and Texas. Requests grant for one year beginning September 1942.
