if needed in your state:

- (1) One-third cost of vocational equipment, the Fund's
share not to exceed \$100 per room, where a trained
teacher is in charge \$_____
- (2) Amount needed to pay the fifty per cent bonus for
the first Rosenwald school to be built next year in
each county having at least ten per cent Negro popu-
lation \$_____

These items were omitted in the

Dear Supt. Hart:

You will find attached budget appropriations for 1930-31, on construction, extension of school terms (no appropriation for new schools in 1930-31), transportation of pupils, school libraries, Rosenwald Building Agent, and Rosenwald School Day Program.

The total appropriation for construction in 1930-31 is greater than the actual amount used by the Southern states during any budget year in the past. Judging from requests of the states for types above six-teacher, the lump sum appropriation will be ample to take care of these larger types and teachers' homes, which will be allocated to states by specific applications.

Previous announcement has been made of the Fund's withdrawal of aid on one-teacher schools and the reduction on the two-teacher type from \$500 to \$400, beginning July 1, 1930, and the desire to place emphasis on (1) the construction of consolidated schools, (2) the development of high school opportunities, and (3) the stimulation of training in vocational subjects, where well trained teachers are to be employed.

On behalf of the Officers and Trustees of the Fund, please let us thank you and your staff for the fine co-operation given us in the past. We hope that you will feel free to offer any suggestions you may desire, looking to the betterment of the work in which we are all so vitally interested.

Sincerely,

Supt. Harris Hart,
State Board of Education,

September 8, 1930,

Mr. S. L. Smith,
Director for Southern Schools,
Julius Rosenwald Fund,
Cotton States Building,
Nashville, Tenn.

My dear Mr. Smith:

Your letter of August 26th, relative to the omission of the amount contributed by the Julius Rosenwald for libraries in the public schools of this State, received while the writer was out of the City on his vacation. Hence the delay in my reply.

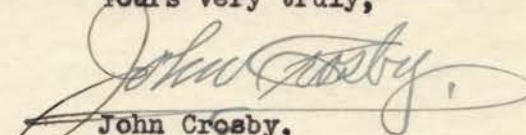

The contribution for libraries was omitted from my report for the fiscal year ending June 30, 1930 for the reason that I was under the impression that this amount was reported to you by the Supervisor for libraries and I did not know that he had not done so until your letter was received.

I am enclosing supplemental report which you will please file in the place of the report heretofore sent to you.

I am also enclosing statements showing receipts and distribution of the library fund.

With best wishes, I am

Yours very truly,

John Crosby,
Auditor,
State Board of Education.

In addition to the above allotments, lump sum appropriations have been made by the Fund for (1) school-houses from seven-teacher to twelve-teacher types and (2) teachers' homes, specific allocations to be made to states by approved applications, after a careful study of each individual project.

The Fund will also consider giving for the year 1930-31, one and one-half times the regular allotment to the first Rosenwald school constructed in any county having 10% or more Negro population. There are now 101 such counties in the South with Negro populations ranging from 10% to 72%, which have not built a single school by aid of the Fund. This special offer is made with the hope of stimulating a large number of these counties to erect schools of three-teacher type or larger the current year.

The attached plan for distribution of aid shows for the year 1930-31 the schedule of allotments for all types of construction and some general requirements.
