Chicago, Illinois.

Dear Dr. Bousfield:

I noted in this weeks Negro news paper concernig a course given at the Flint-Goodridge Hospital in New Orleans, # La. From what I read I am under the impression that I would get a great benefit from that course given there this summer. You have my application for a ##### fellowship from the Rosenwald fund. Although I applied for the course in Chicago, I would be happy to get this course especially if it is under the sponsorship of the fund.

Best wishes and respect, I am,

Yours very truly  
  
 V. D. Mizell, M.D.
