

Ozie Harold Johnson

Radio engineer, Signal Corps, Army Service Forces
Washington, D. C.

Radar and Television

Interesting case
what reports have we of his
previous fellowship work at Iowa + cheap?

Excellent references

His past record is very ragged
He had two years of
fellowship aid in 1936, 1937

He was in difficulties + uncertainty
from that time on

He is unstable, I think a very poor
gamble. Has been an "informal"
applicant for Rosenwald aid
practically every year since 1936
