

FELLOWSHIPS

Negro Nurses
(med)

November 11, 1937

Dear Miss Purdie: I am interested in your work at Columbia. I have suggested to the superintendent of a southern hospital who is seeking an educational director that you are a person whom he should consider. If it is possible to find you a prospective position, the Fund would be interested in furnishing a grant to permit you to finish your work in order to qualify for the job. I am afraid that under any other circumstances I cannot help you. I promise to do what I can to find an opening.

Very truly yours,

M. O. BOUSFIELD

M. O. Bousfield, M. D.
