TO WHOM IT MAY CONCERN:

I have known Miss O.J. Sims for the past four years. During this time it has been my privilege and pleasure to observe her in the capacities of Student Nurse, Supervisor of Medical Floor and Citizen. She was an excellent student, most efficient Supervisor and well respected citizen.

Miss Sims is of unusual intelligence, of high moral character, very ambitious, and possesses all those finer traits that are observed in the best citizens in our country.

Having known her over such a period of time, and having worked with her on our medical floor during the past year, I, without hesitation, recommend her for any position to which she may aspire.

Respectfully yours,

MAY 21 1936
