

1440
Fellowship Com

June 14, 1945

Dear Doctor Alexander: In Mrs. Haygood's absence,
I am sending you the en-
closed list of fellowship awards approved in April,
1945, which we should like to have signed and returned.

It has been customary in the past for the Committee to make available to the officers for increases and extensions the balance remaining in the appropriation for fellowships. This year the awards used up all of the current year's funds and a part of next year's grant so there is no such balance. Mr. Embree has suggested that the Committee make available to the officers \$2,500 for such increases and extensions as are necessary. A resolution to that effect is included on the attached list.

Sincerely yours,

DOROTHY A. ELVIDGE
