Geography

Excellent candidate and a  
definite + significant problem.  
While not from - the South  
He is evidently a Southerner in  
our sense of the word  
Evidence that he shared his  
+ interests his study (even  
by his own statement)  
Recommend therefore that we  
make grant / not above 2,000  
for the more intensive study  
suggested in p. 2 of his letter to Mr. R.
