Subject: Rosenwald School Day Program.

Dear Mr.

Friday, March 6, has been agreed upon by all the states as the date for the Rosenwald School Day Program. You will no doubt begin to prepare your program and make announcements within a short time. I am writing to say that the Fund has made the usual appropriation of \$100 to help pay expenses of printing the program and other incidental expenses connected with the Rosenwald School Day. We shall be glad to make payment whenever it is needed.

Since the Fund has helped to build more than 5,000 schools it would be very interesting if we could have all of these schools in each state participate in the program and, in addition, other Negro schools. It would also be extremely interesting if you could get complete reports of the money raised and other activities on this date so that we may get summaries for the entire South.

As a large number of the buildings which have been erected no doubt need some repairs and painting it might be a good idea to have some slogan such as "REPAIR AND PAINT THE SCHOOLHOUSE."

If there is anything we can do in this office to assist you do not fail to call upon us, but please let us know at a very early date what you would want us to do and the material you would like to have us furnish.

Sincerely,

SLC:mc

Dear Mr. Smith:

Expenses incurred in preparation of the Rosenwald Day program are reported as follows:

To Mary M. Butler, travel expense in the preparation of the program \$ 3.50

To Kentucky Negro Educational Association, items as follows:

"For printing of 13 extra pages in Feb.-Mar. K.N.E.A. Journal (regarding Rosenwald and School Improvement Day) @ \$2.85 per page for 1850 copies 37.05
100 extra copies sent to L. N. Taylor (6¢ each) 6.00
Extra clerical service in mailing and stenography 3.00
350 copies (postage only) to non-members of K.N.E.A. 3.50
Cut of Superintendent James H. Richmond made by Clingman and Company, Louisville 2.64
Total due K. N. E. A. \$52.19
Item due Miss Butler 3.50
Total of all items \$55.69

I am in separate inclosure sending you thirty copies of the bulletin. See page 17 and following pages. At one place in the bulletin a mistake in type reads "March 1" when it should reach "March 15", but the true date, March 15, is shown on the first outer cover page and on page 23. I think no serious embarrassment will result from the omission of the figure "5" at one point.

Dear Mr. Smith:

In response to your letter of June 3 to Superintendent Peters, which letter has been referred to me. You ask that we make report of the expenditures from the \$125 which you sent in March of this year to aid in paying expenses of Rosenwald School Day program in Kentucky, and that we refund any unused balance remaining. Expenditures have been incurred as follows:

To Kentucky Negro Education Association,
for printing and distributing programs - \$49.71.

For travel expenses of committee (Copeland \$2.96, Cabell \$3.73, Elliott \$13), a total of \$19.69, which added to the \$49.71 for printing and distributing programs makes a total of \$69.40 expended for purposes authorized, leaving an unexpended balance of \$55.60. State check for which is inclosed.

We appreciate most sincerely the cooperation that you personally, and the officers of the Julius Rosenwald Fund have given us.

Dear Mr. Taylor: As I wrote you sometime ago, we have available funds to help promote the usual Rosenwald School Day Program, such as the expenses of the program and such stimulation as you think will be helpful.

Most of the states have set aside the first Friday in March for this special day. Is this date satisfactory for your state? If not what date do you propose? Somehow I feel that this special stimulus helps the state agents to focus attention on improvements of the buildings and grounds, resulting in better community participation and both physical and spiritual improvements.

Dear Mr. Smith:

Twenty copies of the Rosenwald Day bulletin, Kentucky Negro Education Association Journal, January-February issue, containing program and material pertaining to Rosenwald Day, are being sent to you by separate mail. The bill submitted by the Kentucky Negro Education Association is inclosed. It is itemized as follows:

12 pages in K.N.E.A. Journal @ \$3 each	\$36.00
150 extra copies of the Journal, with clerical service in mailing, postage, etc.,	<u>22.50</u>
Making total	\$58.50

President Atwood S. Wilson, Secretary of K.N.E.A., and editor of the Journal, explains that the bill is slightly more than last year due to the fact that the paper stock is of better grade. I asked definitely for the use of somewhat better stock. You may observe that the stock used this year is distinctly better than has been used before, and at that is by no means of extravagant quality.

The editor's office has sent out about 1800 Journals, sending them to Negro teachers in Kentucky, to county superintendents, city superintendents, and friends of education in other lists. That office sent you two copies of the Journal, which you probably received before you went to the New Orleans meeting.

There will be no further bills presented in connection with this program. There may or may not be further bills presented in addition to that of the State Journal Company recently sent you in connection with the program of school beautification contest activities.

Dear Mr. Smith:

I thank you for your letter of March 13, and the check for \$125 sent to Superintendent H. W. Peters "to pay toward the expenses of the Rosenwald School Day and improvement program." I shall, as directed, make detailed report on or about the first of June, with refund of any unused balance. Just now I am making requisition on this appropriation for a \$34 check in favor of the State Journal Company, for printing, and a check for \$58.50 to the Kentucky Negro Educational Association for "12 pages in K.N.E.A. Journal at \$3 each, and 150 extra copies of the Journal, clerical service in mailing, postage, etc."

All appropriations sent to this Department are by Kentucky laws directed into the state treasury and may be paid out only on requisition made in regular form prescribed by the state finance department. This is, to my judgment, good procedure though it involves a delay, sometimes of two weeks or more, in the payment of an item.

Dear Mr. Smith:

Responding to your letter of June 4, requisition has been made for check in favor of the Julius Rosenwald Fund in refund of the unexpended balance of the \$125 which you sent us last March to pay toward the Rosenwald School Day program in Kentucky and the School Beautification contest. Expenditures have been made as follows:

For Rosenwald School Day program in the K.N.E.A. Journal, 12 pages of the Journal @ \$3 each, and 150 extra copies of the Journal, together with clerical services in mailing, postage, etc. ----- \$58.50

There was also paid to the State Journal Company (the State printer) the sum of ----- 34.00 for report forms in connection with the School Improvement and Beautification Contest.

The total of these disbursements was -\$92.50

The remaining balance subject to refund is \$32.50. Requisition has been made for State check in favor of the Julius Rosenwald Fund to the amount of this refund, but it may be ten days or two weeks before the check finally reaches us. Thank you.

Mr. Stern -
 This would make

 S.A.

Dear Mr. Stern: You will find attached a copy of a
report on the Rosenwald School Day
 Program held March 4, 1932, in fifteen southern states.

Although there was an almost unprecedented downpour of rain throughout the entire day covering almost every section of the South, it is interesting to note that 2,808 schools in 633 counties reported the exercises held, compared with 1,968 in 513 counties the previous year, with 100,000 more pupils and community members participating than in the previous year, while the amount of money raised on that day (\$7,000) was a little more than \$2,000 less than on the same day of the previous year and the total reported raised for the year up to March 4 (\$63,800) was about \$15,000 less. The drop-off in the amount raised for the year is partly due to the fact that we have been unable to get any report on this item from Virginia where the amount reported for last year was \$10,000. The state agents have indicated that possibly not more than half of the schools participating filed reports.

It is interesting to note that Tennessee leads the list of states in the amount of money raised in cash on March 4 and the amount raised the entire year up to that date, while North Carolina leads in the number of schools and people participating.

Sincerely,

S. L. Smith

SENT TO ALL STATE AGENTS

Ros. Sch. Day

January 11, 1935

Dear Mr. Williams: We have had requests from several states for cuts to use in the Rosenwald School Day Program. One or two have asked for a cut of me. I will greatly appreciate it if you will not use one of me this year. Since we are beginning what we hope will be an outstanding program of school plant improvement and beautification based on the experiences in building more than 5000 Rosenwald schools, I think it would be most appropriate to use a cut of one of Mr. Rosenwald's most recent pictures. You probably have one in your files, if not we can have one made for you on request. We could also have a small size cut of the group picture of Mr. Rosenwald, Dr. Buttrick and Dr. Dillard. I think it would also add to the effectiveness of this program if you would include a picture of your State Superintendent.

Our Committee hopes the Rosenwald School Day Program this year will use as its theme: "School Plant Improvement", emphasizing the Contest in Improvement and Beautification of the schoolhouse, equipment and grounds. I believe you and the State Supervisor of School Plants can work up a most effective scheme in keeping with the needs and general program of your state. We can furnish as many additional copies of the enclosed pamphlet and the Contest blanks as you may need. The type is set up and copies can be run off on two or three days notice.

As soon as we hear from all the states as to March 15 for the Rosenwald School Day Program, we shall set the date final and notify you. The closing of the Contest could be set for a later date, either in April or May. What are your reactions?

Sincerely yours,

SLS/MT

Dear Mr. Smith:

We have waited until today before sending copy of the Rosenwald School Day Bulletin to the printer as we hoped to receive the small cut of Mr. Rosenwald. Inasmuch as it was not received in time to be used on our 1935 Bulletin, we will use the same cut that was used last year.

Our Bulletin this year will consist of a four-page folder as a cover to the Beautification Pamphlet which you sent. The cost of printing 1500 of these will be \$25.40. That, plus the cost of mailing, will be the total amount we shall request from your fund unless you have decided to permit us to use the balance of the \$100 to supplement the premiums offered by the Rosenwald Fund for the school making the best record in the beautification and improvement of its ground and school plant, or to pay the traveling expenses of the state committee incurred in judging the winners.

In reply to your letter of February 14, I beg to advise that the field workers in our Department do not have sufficient travel allowances to enable them to visit and judge a few of the schools entering this contest. Our high school inspectors' travel allowances are so limited that they will be able to visit only the emergency cases and perhaps not all of them. The other persons in the Department, except myself, have almost exhausted their travel allowances.

Yours very truly,

E. A. Duke

Dear Mr. Embree: I am attaching some material which we are furnishing in large quantities to the various southern states for use in the Rosenwald School Day program which ties into the whole Improvement and Beautification program as well as the Contest. I have never known the State Agents to attack any program more aggressively than they have the combined Rosenwald School Day, Beautification and Contest programs. I believe the results of the Rosenwald School Day program, set for March 15, will stimulate many thousands of schools to improve their conditions and will start in motion a long-time program of improvement and beautification.

Dear Mr. Smith:

Enclosed herewith is the bill for publishing the Florida Rosenwald School Day Program and pamphlet.

We think the pamphlet is better this year than heretofore. It was written by superintendents for superintendents. I think the stimulative effect of the articles by the superintendents making report will be most encouraging upon other superintendents. The bill far exceeds what we had planned to spend but we hope the results obtained will justify the additional expense. Under separate cover one of our programs, without enclosures, is being sent you. We shall send additional copies if you wish them.

Thanking you for your kindness in helping us and with best wishes, I am

Dear Mr. Smith:

Enclosed herewith I am sending you a copy of the Rosenwald School Day Program 1935, our Bulletin 121-F. This exhausts our supply of the bulletin as all of the 1500 copies were distributed to the Negro teachers and the county and city superintendents having supervision of the Negro schools. We probably should have had more copies printed as we did not have quite enough to send one for each teacher in the larger systems. The cost of printing and mailing was as follows:

Printing - - - - -	\$25.66
Stamps and	
Manila Envelopes - - -	26.64
Total	\$52.30

With each of these bulletins we sent the Beautification Bulletin and the application blanks for entering the contest, and blanks for the use of the schools in making report of the meeting. As stated to you in a former letter, we had an accumulation of something over 200 bulletins used for this program during preceding years, an average of 25 or 30 bulletins being on hand from each year. These were distributed to the larger schools this year together with such copies of the Biographical Sketch of Mr. Rosenwald which you furnished us several years ago as we had on hand. Our program this year was rather abbreviated but practically all of the schools had, or will have, sources from which may be drawn material for the local program.

Sincerely,

Dear Mr. Smith:

On January 2nd a letter to Mr. Kitch stated that \$100.00 will be set aside in the Rosenwald funds to take care of printing of programs for Rosenwald Day in Missouri.

I went over this matter with Mr. Kitch and suggested the type of program we should have printed and have had these programs made and am enclosing a copy in this letter. The total cost of having this printing done was \$82.50. I trust this will be valuable to the teachers in Missouri. I have just completed mailing them out to the teachers and in addition am having a detailed program mimeographed for use in the various schools in the state.

I am not sure just how you wish to handle the payment of this printing, whether you wish to pay the printer direct or send me the check and have me pay the bill. Any way you wish to handle it will be satisfactory to me.

It is my plans to be at all the meetings March 15th to help with something during the day on the program. I am getting a great kick out of this work and assure you that I will do everything I can.

Sincerely,

E. P. Adams

School Day Program

Dear Miss Elvidge:

Will you please issue checks to the states listed below for the Rosenwald

School Day Program?

Alabama State Department of Education.....	\$100.00
Arkansas State Department of Education.....	125.00
Florida State Department of Public Instruction.....	197.00
Georgia State Department of Education.....	100.00
Kentucky State Department of Education	100.00
Louisiana State Department of Education.....	100.00
Mississippi State Department of Education.....	125.00
Missouri State Department of Education.....	100.00
North Carolina State Department of Public Instruction.....	125.00
Oklahoma State Department of Public Instruction.....	100.00
South Carolina State Department of Education.....	125.00
Tennessee State Department of Education	100.00
Texas State Department of Education.....	125.00
Virginia State Board of Education.....	100.00
Total.....	\$1,622.00

You will notice the largest amount is for Florida which is due to the fact that the state agent and state supervisor of buildings have put forth every effort to cooperate with superintendents and have gotten out a very comprehensive bulletin for use on this special day. The actual cost of printing alone was \$197.00.

As the Rosenwald School Day Program and the Beautification Contest are combined and as the Contest will not close until May, it may be necessary to increase the amounts in a few of the states depending on the momentum of the program following the Rosenwald School Day on March 15.

Sincerely,

Dear Mr. Smith: I am enclosing the checks requested
in your letter of March 8th for the
(Rosenwald School Day Program) in the various southern
states. When you forward these checks to the states,
kindly ask them to submit statements of expenses account-
ing for the sum received.

Included in this group also are the
library checks issued in accordance with your letter of

Dear Mr. Embree: You will be interested to know that in addition to the Rosenwald School Day Programs in the Negro schools of the South held on March 15, similar programs were held in a part or all of the white schools in practically all of the counties in which we have library demonstrations.

I understand that Knox, Hamilton and Shelby Counties in Tennessee, and Webster Parish, Louisiana, had the exercises in everyone of the white schools. Walker County, Alabama had exercises in the white consolidated high schools. The librarian of Jefferson County, Texas wrote that she was helping in the exercises in all the Negro schools, and that she was expecting to reach as many white schools as possible, although she might not be able to get in touch with all of them in the brief time available. Charleston and Richland Counties, South Carolina expect to have the exercises in a number of the white schools on March 29, which was designated as the Rosenwald School Day for South Carolina, as March 15 was a holiday for all schools on account of the State Teachers Meeting in that State. We hope to be receiving interesting reports of the Rosenwald School Day throughout the South within a short time.

Sincerely yours,

B. L. Smith

Dear Mr. Smith:

We are in receipt of your letter of March 18,
also your check #12695, in the amount of \$125.00, rela-
tive to expenses of the Rosenwald School Day Program.

Please be advised that we had five thousand
copies of the bulletin printed to be distributed over
the State, and the cost of printing this bulletin a-
mounted to \$427.50. Mr. Worley, Director of our Negro
School Division, advised us that the Julius Rosenwald
Fund would pay approximately \$150.00 of the expense of
publishing and printing the Rosenwald School Day Pro-
grams but at that time he estimated the cost to be
\$300.00. However, after the bulletin was under way
there were a number of necessary items included that
brought the cost of the bulletin up to \$427.50.

Along with this cost, Mr. Worley paid from
his personal funds \$15.00 for assembling statistical
data for Chapter Eight, and \$4.39 to the Economy En-
graving Company, totaling \$19.39.

In view of the fact that our appropriation
for printing was very small and is now practically ex-
hausted, we have been wondering if it would be at all
possible for you to pay about \$50.00 more on this bulle-
tin.

Very truly yours,

Dear Miss Elvidge: We have an urgent request from the State Department of Education, Austin, Texas, for an extra \$50.00 to apply on the (Rosenwald School Day Program) as the total cost exceeds \$425.00. Texas is a large state with more than 250 counties and it is very expensive to circularize all these bulletins. For this reason, I hope you will be able to send the extra \$50.00, making a total of \$175.00 for the Rosenwald Day Program in that state.

Mr. Smith returned Saturday from Washington and left again yesterday for Oklahoma for a week. I am enclosing his expense book for March.

Dear Mr. Smith:

The Oklahoma City Chapter of the American Association of University Women has provided the amount of \$75 to be given as a scholarship fund to one of our Jeanes teachers at the summer session of Hampton or Tuskegee, - Hampton preferred. This scholarship will be awarded by a committee composed of members of the local branch of the American Association of University Women.

We have a balance of \$47.70 remaining from the \$100 which you allotted to Oklahoma for the purpose of printing and mailing the Rosenwald School Day Program this year. If it meets with your approval I shall be glad to use this balance as a second scholarship for the Jeanes teachers in the amount of \$50, - the additional \$2.30 to be provided from other sources, - and award it to the Jeanes teacher whose county makes the best showing in the School Improvement and Beautification Contest or to the teacher whose county makes the second best showing in the event the American Association of University Women's Scholarship is awarded to the teacher whose county makes the best showing. I believe that this will stimulate activity and interest in the counties. Even if it is too late to stimulate such interest, it will be an acceptable award for the teacher who worked hard on the program without hope of reward.

In the event you decide that the remaining part of the fund may be used for this purpose and will let me know at once, I will notify the teachers that this second scholarship is made available by the Rosenwald Fund. We planned to use this balance for the purpose of paying the expenses of the committee that will judge the winner in the state contest, and we shall proceed with our original plan unless you prefer that it be used as a scholarship.

I am sending a carbon copy of this letter to Mr. Favrot with the request that he write you directly giving his reaction to the proposition. I understand that Mr. Favrot cooperated with you in promoting the School Improvement and Beautification Program.

Enclosed herewith I am sending you some pictures that were made during your recent visit. We certainly enjoyed your stay with us and hope that you will return soon.

You will find attached the Fund's
check #12834 to the order of Texas
State Department of Education for \$50.00 to apply on the expenses
of the Rosenwald School Day Program. We sent you a check sometime
ago for \$125.00 and this brings the total up to \$175.00. In order
to complete our records, if your accountant will send us a general
statement of the total cost of printing, etc., we shall greatly
appreciate it. I judge from his letter of March 28th that the
total cost runs above \$425.00.

Dear Mr. Duke: Mr. Favrot was in the office yesterday at which time we talked over the matter of giving the \$47.50 balance from the Rosenwald School Day for a scholarship to the Jeanes teacher making greatest progress in her school improvement and beautification program. Because it is now so late, and further because we are not sure we would want to set a precedent in giving scholarships in this improvement contest we have decided that it probably would not be best to grant this scholarship the present year. However, it is agreed that if you should need any part of this to pay expenses of state committee members to visit and inspect some of the schools contending for the state prizes, it would be a legitimate charge against this amount. You wrote that some of the committee might not have sufficient expense accounts to do this visiting if it is found necessary to go to the counties. If you use any part of it for this purpose, you can file statement of the expenses in making final report.

Trusting that a large number of schools may continue through the contest, with best wishes, I am

Mr. S. L. Smith

Dear Mr. Smith:

Herewith I hand you a summary of reports on the Rosenwald School Day Program as requested in your letter of May 9.

Please understand that this report is compiled from the reports sent in from the several counties of the state and I am not prepared to vouch for the accuracy of the figures.

Under the item of "Building", you will note \$20,032.92 is reported. To my certain knowledge, this includes the replacement of a burned county training school building in Morgan county. Whether it is legitimate to include such a project in this report or not, I am greatly in doubt. However, I have thought best to call the fact to your attention and leave it to your good judgment for disposal.

We cannot give the number of active community organizations co-operating in the movement, but have named them instead.

Very sincerely yours,

J. S. Lambert

Mr. S. L. Smith,

Dear Mr. Smith:

Enclosed herewith I am sending you a summary of Rosenwald School Day Reports which have been received up to this date. I note that a small number have been received. One of these came in the mail yesterday. These totals are not balanced, - I am giving them to you as they were reported to us.

In regard to your letter of May 6 in which you ask for the number of counties that will probably go through to the end with the Beautification Contest, I am of the opinion that not to exceed eight of our counties will report the winning school in the Beautification Contest. As soon as we have these reports from the counties, we will arrange to award the state prize and will make a report to you of the number of contesting schools in each county.

I note your inquiry concerning McIntosh County. I was in that county last week and visited the Washington School at Eufaula.

Sincerely,

Dear Mr. Smith:

The \$100 sent for the expenses for the Rosenwald School Day Program was used in Georgia to buy ten prizes valued at \$10 each. Each one of these prizes was a set of primary teaching materials. These materials will not be sent out until the schools open in September, although I have already contracted for them, and unless it is positively necessary I should prefer not drawing the check to the school supply house until the materials are shipped and received.

The following schools won the ten prizes which were offered:

Edison Jr. High	Calhoun County
Kinlaw	Camden "
Funston	Colquitt "
Brown's High	Coweta "
Springfield	Hancock "
Rosenwald Ind.	Jackson "
Todd-Grant Ind.	McIntosh "

Dear Mr. Smith:

Replying to your request for report of how we spent the \$100 made available by the Rosenwald Fund for printing and distributing a program for Rosenwald School Day in connection with the beautification contest, will say that the Louisiana Colored Teachers Journal printed the program and carried it in the bulletin to all of the teachers of the State. For this service we issued our check No. 1771 dated April 1, 1935, for \$100. I feel that the Journal made a good job in presenting the program to the teachers of the State and thank you and the Fund for your contribution. I hope this statement will satisfy your requirements and serve as a report on the expenditure of this appropriation.

You will find enclosed checks on Rosenwald School Day Programs as follows: Alabama check No. 462 for \$14.00, Kentucky check No. 98818 for \$44.31, North Carolina check No. 40247 for \$30.38 and South Carolina check No. 1766 for \$27.05. We are also attaching letters and statements from the following states showing how they have used the money for the Rosenwald School Day which seems to be the ruling of our committee in the contest: Florida, Georgia, Louisiana, Mississippi, Oklahoma and Texas.

We have already sent in reports of expenditures from Missouri and Tennessee. This leaves two states yet to report. We have a letter from Mr. Gresham of Virginia stating that he has a balance of \$23.00 for which he has asked the state comptroller to issue check. So far we have not heard from Arkansas. I am writing these states again today urging that we have statements before June 30.

Dear Mrs. Hobbs: On February 27, 1934, a check for \$100. was issued from your office for the Rosenwald Day Program in Mississippi. A statement I have here shows the \$100. received, only \$74.23 spent and the balance applied on this year's program. Will you check your files and see if Mr. Smith wrote them last year asking for an accounting of the \$100. and whether or not he got an answer from them? I should like to have a copy of any correspondence you have hinging on this subject.

You see, the point is that each year should have been accounted for separately and last year we should have been refunded \$25.77.

Dear Miss Elvidge: On my return to the office I have read your letter to Mrs. Hobbs relative to the Mississippi statement on the Rosenwald School Day Program as of June 17, 1935.

It so happened, while I was away on a southern trip, that the comptroller issued a check for \$100.00 on February 26, 1934 at the request of Mr. Easom "as aid toward the cost of printing and distributing the Rosenwald School Day Programs". Mr. Easom had expected to receive more than this amount in order to have enough to pay the entire expense, but was limited to \$100.00. After paying for the printing of the bulletins he expected to use the remainder to apply on the cost of distributing the thousands of bulletins and other expenses relative to the program, but this was finally taken care of by the State and he was not required to reimburse the State. In issuing the check the comptroller sent nothing but the voucher to which the check was attached and did not ask for reimbursement of any unused balance, probably because she did not feel that there would be any balance. Mr. Easom went away to Yale for the summer and overlooked having it reimbursed. He used this balance of \$25.77 to apply on postage the present year. I am attaching his letter of February 24, 1934 as requested by you.

Sincerely yours,

Dear Mr. Turner: We can furnish you the usual aid to stimulate the Rosenwald School Day Program - at least \$100 - to be used in necessary expenses of printing, prizes (smaller than the elementary library set), etc. It is our thought that this may be helpful to you in promoting (1) the Improvement and Beautification Contest, and (2) other phases of your educational program among Negro schools.

In some states the departments of education are planning a special rural school improvement day to be designated by the State Superintendent for both white and colored schools. Wherever this is done the School Plant Committee might consider giving some additional aid to assist in paying expenses of the combined program. What are your reactions to this idea?

Through the N. Y. A. director of your state considerable help might be secured for placing young men and women of both races in several counties to assist in the Improvement and Beautification Contest. A letter from one of the state departments of education states that one-third of the money for N. Y. A. in that state has been allocated to help out in the improvement and beautification of school plants. I can think of no finer way to use this government money.

It is our plan to bring to a close our Beautification Contest in Negro Schools, in a culminating Julius Rosenwald Day. This plan seems to be best in getting accurate reports of the year's activities.

Dear Mr. Irby: As mentioned in a previous letter, if your Committee on the Improvement and Beautification Contest desires to extend the Rosenwald School Day Program to include both white and colored schools we could probably increase the amount of money for this Special Day from \$100.00 to \$125.00 or \$150.00, if desired by the State Department of Education. This could be used in any way your committee might feel that it would do the most good in stimulating the program for the Special Day and the Contest for both groups - printing, small prizes and other necessary expenses.

In recent years the states have held the Rosenwald School Day Program on the first Friday in March. Oklahoma and Tennessee have set March 6th for the Special School Day Program for both white and colored. Is March 8th a satisfactory date for your state? If it isn't please set another date which is more convenient and notify us.

Dear Miss Elvidge: You will find attached a letter from the Auditor of the Virginia State Board of Education and check No. 6- 2071, to the order of the Julius Rosenwald Fund for \$150.00, refund of the entire amount sent for the Rosenwald School Day Program. If, under your plan, it is possible to place this refund of \$150.00 to the credit of the Rosenwald School Day budget, we will send you the bill for printing the Honor Roll Certificates to be paid out of this account before June 30.

Just as they were beginning to plan the Rosenwald School Day Program in Virginia the State Agent of Negro Schools was taken ill and later died. When his successor was selected, the State Superintendent felt that it was too late to undertake the special program for this year. They are now planning a large program for early next year.

Dear Miss Elvidge: You will find attached South Carolina State Department of Education check No. 1947, dated June 13, 1936, to the order of S. L. Smith, for \$42.25 - refund of unused balance of the \$150.00 sent that state for the Rosenwald School Day program. To this is attached official letter from Mr. J. B. Felton, giving a signed statement of the expenditures. I have endorsed the check to the order of the Julius Rosenwald Fund. I asked each state to make the checks to the Fund, but they sometimes overlook this.

Dear Mr. Smith: In your report of the expenses of the Rosenwald School Day received from Mr. Irby in Arkansas, he has included two elementary libraries at \$24.00 and two high school libraries at \$10.00 for prizes. Are these Fund Libraries? What are the prizes for? Do they have anything to do with the beautification prizes in that state? It seems a little irregular to me to have Fund money meeting the terms necessary to match our own libraries. What is your reaction to this use of the Rosenwald School Day money in Arkansas?

Dear Miss Elvidge: You will find attached Tennessee State Department of Education check No. 83, to the order of the Julius Rosenwald Fund, for \$131.40, refund of unused balance on the Rosenwald School Day program. There is also attached statement of expenditures amounting to \$18.60, which the building department had advanced and the bookkeeper was authorized to issue this department a check for \$18.60.

It seems that in Tennessee they had the Rosenwald School Day program and stimulation for both white and colored combined. Because of getting a great deal of NYA and WPA clerical work in the State Department of Education they were able to take care of mimeographing and most other expenses of the special day, using only \$18.60 of the Fund's money. This enabled them to refund this large balance.

^{ok} According to our records we have sent you refunds of \$379.25 from four states (Virginia, South Carolina, Kentucky and Tennessee.

letter from Mr. A. C. Lewis detail-
ing the use of the \$150.00, for the (Rosenwald School Day)
program used for prizes. Mr. Lewis was able to get the
State Department of Education to take care of all the
expenses of printing the program, which released the \$150.
to be used as prizes in stimulating a greater number of
parishes and schools to participate.

STATE DEPARTMENT OF EDUCATION

March 5, 1936.

TO PARISH SUPERINTENDENTS AND SUPERVISORS OF SCHOOLS:

The purpose of this letter is to bring two matters to your attention. Please give your teachers the information this letter contains.

First. For about ten years the negro schools, especially the Rosenwald schools, have observed Rosenwald Day by rendering appropriate exercises in the school on a day named by this office and using program prepared by us. It is our hope that the memory of Mr. Rosenwald will be honored again this year. We are asking the local teachers to prepare their own program and to give the program on any convenient day during the month of March or the first week in April. The local teachers may obtain assistance from any local source they desire in both the preparation of the program and rendering it. We are furnishing a sheet containing some facts which might be brought into the program. We will not be in position to furnish any other facts or statements.

In order to stimulate more than usual interest in this program, we are in position to offer the following prizes:

- 1st - \$20 (in cash or books at the option of the school)
- 2nd - \$15 (in cash or books at the option of the school)
- 3rd - \$10 (in cash or books at the option of the school)
- 4th - \$ 5 (in cash or books at the option of the school)

The program must be given before April 4 and reports must be prepared and submitted to parish authorities by April 11. If more than four schools in any parish enter the contest, the superintendent or a committee named by him should judge the reports and select the four highest ranking reports and send them to us by April 20. No report received here later than April 20 will be considered in the State contest. Honorable mention will be given to the school in each parish winning first place in this contest.

Second. The second matter we wish to bring to your attention is that in addition to the libraries offered in the beautification program in the negro schools there will be available \$100 to supplement the elementary library prizes which have already been offered. To supplement the elementary prize offered, \$50 will be used for prizes to the group of schools which are entering the beautification contest this session for the first time and will be distributed as follows:

- 1st - \$20 (in cash or books at the option of the school)
- 2nd - \$15 (in cash or books at the option of the school)
- 3rd - \$10 (in cash or books at the option of the school)
- 4th - \$ 5 (in cash or books at the option of the school)

And \$50 will be available to supplement the elementary library prize offered to the group of schools which were in the contest last year and again this year. The amount will be distributed as follows:

- 1st - \$20 (in cash or books at the option of the school)
- 2nd - \$15 (in cash or books at the option of the school)
- 3rd - \$10 (in cash or books at the option of the school)
- 4th - \$ 5 (in cash or books at the option of the school)

The school improvement and beautification contest will close on May 15, 1936. A committee appointed by the superintendent should judge the schools in each parish and report to the superintendent. The superintendent should send all individual school reports and a consolidated report showing the four highest ranking schools in the parish to this office by June 1. As soon as the State Committee can determine the winners the prizes will be awarded. In each parish an honor certificate will be given to the school winning first place in each group. Blank forms to be used by the individual schools to report improvements and beautification to the superintendent's office will be forwarded from this office later. We are enclosing several copies of the suggestions for the improvement and beautification of school plants program.

Last year we were very much pleased with the results of the contest. 378 schools participated. \$44,000 was raised and spent in repairing the buildings, \$12,000 for equipment, \$7,000 on school plants, \$4,700 for other equipment, making a total of about \$68,000. Of this amount, \$35,000 was furnished from public funds and \$33,000 was raised by local communities. About 45,000 people attended the exercises. We hope that the result of the contest this year will be even better than last session and it can be if the teachers and officials will put forth their best efforts. There can be no question about the worthiness of the objectives in this contest. The schools should be repaired and painted, the grounds should be made more beautiful and equipment should be added.

A contest in schoolhouse improvement and beautification is open to white schools also. The same general rules and requirements will govern the contest in the white schools that prevail for the negro schools, except that the only prize offered in white schools is an elementary library worth \$36 for the winning school in each group. The schools will be judged separately, either by the same committee or separate committees at the option of the superintendent. All reports should be made to this office.

Yours very truly,

A. C. Lewis, State Agent.

Dear Miss Elvidge: You will find attached Georgia State Department of Education check No. 47, to the order of the Julius Rosenwald Fund, for \$47.50, refund of unused balance on the Rosenwald School Day program. You will note from the attached copy of Mr. Cousins' letter of June 24 to Rand-McNally Company that they issued a check to this company for \$82.50 for maps given as prizes in ten counties (\$8.25 each). This together with the refunds accounts for the \$125.00 sent for the Rosenwald School Day program.

Fortunately the State Department of Education agreed to pay the entire cost of printing and distributing the bulletins for the Rosenwald School Day program this year in order that Mr. Cousins and Mr. Dixon might use a part of this money to stimulate the Contest to greater improvement of rural schools, which is entirely in keeping with the spirit of our school plant rehabilitation committee.

Dear Mr. Smith:

I have just received your letters of January 6 and 7, pertaining respectively to the available pictures of Mr. Rosenwald and to the fund for promotion of the Rosenwald School Day Program. May I say in reply to both letters that I have scheduled a series of Jeanes Conferences beginning, as you will see by the enclosed general letter to Jeanes Teachers, on Saturday, January 16th. I assume I will have all of the Jeanes Teachers in conference and the specific work to be taken up will be School Plant Improvement. I feel certain that the first Friday in March will be entirely satisfactory to our Committee for the General School Plant Improvement Day Program and I shall take this up with the Jeanes Teachers and of course touch the large part of the Negro group through them. We will get out at a very early date soon after our State Committee can hold its meeting, our general school day program bulletin. I want to assure you that the State of Texas greatly appreciates the Rosenwald Fund's suggestive stimulus and financial assistance.

By the way, I note your letter to us calling attention to the appropriations stipulated as much as \$100.00 would be available if necessary in furthering the work day program. I am wondering if we revise our bulletin and put out something that is about a \$300.00 edition, if the Fund could allow us about an extra \$50.00. I have been making some preparations toward putting out such a combination bulletin, but our available fund for the payment of such bulletin is so limited that I shall not be able to put out the type nor size of bulletin I should like to, unless I could secure about an additional \$50.00.

I shall be very happy to call the Jeanes Teachers attention to the available pictures of Mr. Rosenwald and they in turn will take it up with the Principals in the schools of their counties, and I feel certain Texas will wish and be able to take some of them at an early date. I again want to assure you of the appreciation of Texas for the fine opportunity which the Rosenwald Fund gives us in our program of work here.

Sincerely yours,

Gordon Worley

To Jeanes Teachers:

A series of small group Jeanes Teacher Conferences is being scheduled below for the primary purpose of considering School Libraries and School Ground Beautification. If your individual Superintendents approve of your attendance, I should like to have each of you present at one of these meetings. A suggested grouping of the Supervisors is listed, but if any of you, for any reason should prefer to attend a different meeting from the one to which you have been tentatively assigned it will be entirely satisfactory to me for you to make the change.

Find out the exact place of the meeting upon arrival at the County Superintendent's office at each Conference center, or from the local Jeanes Teacher.

Dear Mr. Smith:

I have your letter of January 7 regarding the Rosenwald School Day Program. You suggest that most of the states have set aside the first Friday in March for this special day. This date will be satisfactory to us. We are depending on the Rosenwald Fund to subsidize the publishing of a Rosenwald School Day Program. I am hoping that in this program we will be able to set out quite an array of interesting data regarding the schools of Tennessee. In this data will be included, of course, the number of Rosenwald schools built in Tennessee and what has been done to preserve, repair, and beautify those buildings.

I wonder if the Rosenwald Fund could allow us \$500 for this purpose? I shall ask the Commissioner to make a formal request at an early date.

I have your letter of January 13 relative to the Rosenwald School Day Program. I have been thinking about such a program and have spent considerable time this week in trying to determine just how large we can make a bulletin and how much information we can put in that bulletin for the \$150 which you have so graciously agreed to let us have. I think if we had another \$50.00 that we would be able to get a pamphlet which could include a summary of most of the material which we now have on hand.

Sincerely yours,

Dear Mr. Smith:

We have selected April 2, as Rosenwald
Day in Arkansas. That date seems to be best for us.

We hope to be granted aid to the amount
of \$150.00 to pay the cost of our bulletin and for
additional awards. We can use this, in part, as soon as
you can send it as we are working on our bulletin.

Dear Mr. Smith:

I was in Peach County last week and was rather interested in the way the Jeanes supervisor was handling the Beautification Contest in her county. I am sending you herewith some information showing the approach made, which I think you will be interested in. I will appreciate it if you will return this for our files after you have had a chance to examine it.

I believe that we can use the Rosenwald Day bulletin this year to a good advantage by setting forth certain facts about the Negro schools in Georgia. We have numerous requests from both white and colored schools for such information and I think it will serve a very helpful purpose.

Should we decide to cooperate with the Negro teachers' association in the state in making this Rosenwald Day program one of the regular editions of their teachers' magazine, would it be possible for you to allow us to use the funds for Rosenwald Day program for that purpose? By so cooperating with this organization it will mean that practically all of the Negro teachers in the state would get one of the bulletins, and that the association would pay the postage. I have not discussed this with the executive committee of the Negro teachers' association and will not until I hear from you on the matter.

Cordially yours,

Robert L. Cousins

Dear Mr. Alexander: You will recall that we agreed to allow Virginia up to a total of \$200.00 if needed in stimulating the (Rosenwald School Day Program) for 1936-37. So far I believe you have not drawn on us for any part of this amount. I am wondering whether you will need a part of it for your program this year. We are ready to send check to pay for printing of program, stimulation and other necessary expenses for this special Rosenwald School Day Program up to this maximum of \$200.00 whenever it is needed.

Dear Mr. Cousins: We will leave it to you to determine the best use of the Rosenwald School Day money - about \$100.00 - for the promotion of the Rosenwald School Day Program. If by cooperating with the Negro Teachers Association magazine you can get best results it will be entirely satisfactory with us.

I am much interested in the attached landscape design for the Vinson Rosenwald School prepared by the Jeanes teacher in Peach County, and the general plan for beautifying the school for that county. She is attacking this problem in a most effective way and I am confident good results will come from this type of service. It would seem well worth while for you to pass this idea on to your other Jeanes teachers. I am returning this sketch and suggestions as requested, but if in the future she should prepare others I hope that she will have enough made to send us a copy for our files.

Dear Mr. Lambert: A few of the State Agents have asked whether they may use a part of the Rosenwald School Day money to purchase the library sets to stimulate a greater interest among their rural Negro schools this year.

We have no objections to using a part of the money in this way, but as the Fund would be paying the entire amount we would expect that full price be paid, rather than two-thirds the cost of each library. Dear Mr. Cousins: Please let me thank you for the copies of the interesting Rosenwald School Day program for 1937, which we have read with unusual interest. I should like to have a few additional copies to send to other officers of the Fund if you have them to spare.

The requisition and receipt for the \$100.00 sent for the Rosenwald School Day program have been received and are being transmitted to our Comptroller to complete the record.

A few pictures taken at the dedication are being attached. I meant to send these to you last week, but got so absorbed in making a report for the spring docket that I overlooked it.

If you are able to get hold of any of the interior view from the news photographers I shall greatly appreciate it if you will have them make up some showing the President and the group on the stage and also the President and the children performing. Do you happen to know whether the movie news reels, taken that day, are being shown in Atlanta. It would be fine if we could get hold of one of these reels if it could be bought at a reasonable price. Any information you can get on these matters will be appreciated. Dear Mr. Smith:

I have just had a request from Mr. Dick Derby, Accountant for the State Department of Education, for the \$150 which the Rosenwald Fund allotted to Texas to be used in helping pay the expenses of the Rosenwald School Day Bulletin. The printers, Capital Printing Company, have submitted to him the bill for \$300, cost of the Bulletin. In your letter of January 13th, you promised to send the additional \$50 to bring the Rosenwalds' grant up to \$150. We had 6,000 copies of the Bulletin printed. Every Superintendent, County and Independent District, as well as all Principals of Negro High Schools, Jeanes Teachers, Agriculture Teachers, and Supervisors, together with the Deputy State Superintendents of Education, have been provided with copies of this Bulletin.

I believe we furnished your office 25 copies sometime ago.

Sincerely,

Gordon Worley

Mr Williams's statement relative to the \$100 sent us in
February on payment of publishing a Rosenwald bulletin,
is that we still have the \$100 unused. We are planning
to use it on the expense of publishing a bulletin of

May we hold the \$100 until we finish the material and have

In reply to your request of recent date relative to a report as to how the \$150.00 was expended in stimulating Rosenwald School Day in Arkansas, we wish to make the following report:

1,000 copies of program bulletin,	\$30.00
1,000 covers for bulletin,	12.75
Awards for beautification & improvement of buildings and grounds,	<u>107.25</u>
	\$150.00

The awards consisted, for the most part, of books to supplement the libraries of winning schools. Three pictures of "Mildred" were also given.

We are now working up our state report and will send you copies as soon as it has been completed and mimeographed.

I wish to state that, without the assistance from the Rosenwald Fund toward prizes, programs, etc., we would be unable to put on an extensive program in this field. We wish to express our thanks and appreciation for the aid.

Dear Mrs. Merrill: You will find attached Florida Check No. 1, to the order of the Julius Rosenwald Fund for \$100.00, refund of the entire amount sent for the Rosenwald School Day program. Due to the fact that they had a new superintendent coming in after the first of the year, the matter of this special day was delayed. The State Agent expects to have this in the early fall, but in keeping with our general custom we had him refund the money with a statement that he could take it up with us as a new matter after July 1.

We have one other refund check on the Rosenwald School Day program from Kentucky which we had hoped to receive today. If it reaches us Monday we shall rush it to you in time to be cleared by June 30th.

Dear Mr. Lambert: Attached is a copy of a letter to Superintendent Keller transmitting \$100 each to help rehabilitate the first two Rosenwald schools.

I believe we have fully agreed on how this should be spent. You may transmit the checks to the county superintendents, or through Tuskegee, whichever way may seem best.

Our Comptroller will expect us to file a complete report of this and other funds sent after the projects are completed.

Sincerely yours,

SLS:MT

Dear Miss Elvidge: The attached letter from Mr. A. C. Lewis of Louisiana will give the detailed expenditure of the \$100.00 sent to him for the Rosenwald School Day program. You will notice that he used \$50.00 for the High Schools and Consolidated Schools, and \$50.00 for the Elementary and Rural Schools. Mr. Lewis was able to use the entire amount for stimulation through prizes because the State Department of Education agreed to bear the cost of printing the programs. I am sorry that I overlooked sending this to you sooner.

Sincerely yours,

S. L. Smith

School Day Prizes			

August 26, 1937

Dear Miss Elvidge: The libraries given as prizes
 in Mr. Irby's report of August
8 are for special books which he purchased and furnished
to the schools. I think he had expected to give the
elementary and supplementary elementary sets as prizes,
but when we notified him that he would have to pay the
full prices of \$36.00 and \$15.00 he did not have suf-
ficient money. It is my understanding that he purchased
\$24.00 worth of books for first prizes, and \$10.00 worth
of books for second prizes,

I am not sure who "Mildred" is,
but I assume that she is the one used on the library
posters. Mr. Irby has been away most of the summer
but I can get you the detailed information on "Mildred"
if you desire.

In sending the Rosenwald School
Day money we gave the State Agents considerable latitude
in using it in such way as to stimulate best results in
their respective programs. This seemed necessary because
the problems and needs are somewhat different in the
various states.

Sincerely yours,

S. L. Smith

Dear Mr. Smith: Do you have in your records
the names of the schools winning
the first and second Rosenwald Day Prizes that were
given out by Mr. Irby in Arkansas? The prizes I am
referring to are the ones listed in his statement ac-
counting for the Fund contribution for Rosenwald School
Day in that state.

Never mind about getting further
information about "Mildred".

Very truly yours,

DOROTHY A. ELVIDGE
