Dear Mr. Moe: I am enclosing a final list of awards, with which I hope you agree. You will notice that we have cut into the \$2000 reserve in order to give Miss Vera Chandler her \$1,000. Mr. Embree did this because he believes that some federal money will be put into the land utilization project at Tuskegee, and that Mr. Roberts will prefer to stay on the job.

I have received your expense account and the Budworth bill. You must have helped the Fund considerably on the gallery charge, for it sounds very reasonable indeed.

Thank you so very much for your kind words regarding the work. Praise from you is the highest that could be received, for you know so well what lies behind a finished application.

Sincerely yours,

MARGARET L. UTLEY
