

Negro Physicians
~~FELLOWSHIPS~~

October 15, 1937

Dear Dr. Youngblood: I regret that the situation with reference to scholarships for general practitioners has not changed. Such assistance as the Fund is granting is given only to physicians who are being trained for some particular job, or who are connected with some particular institution in which the Fund has a special interest.

Very truly yours,

M. O. BOUSFIELD

M. O. Bousfield, M.D.
