Dear Sir:

Am enclosing a statement from the department head of Bacteriology at the University of Kansas.

I received a letter from the Registrar at the University stating that no statement giving proof to my receiving the A. B. degree could be given until I have settled a financial obligation to the University.

At the present I have been unable to fulfill this obligation, but hope to do so within the next 30 days.

A further statement of character recommendations from the retiring deputy coroner of this city will follow in a few days.

Again thanking you most sincerely,  
I am

FEB 1 1937

Respectfully,  
Willard David Smith

FISK  
UNIVERSITY

THE UNIVERSITY OF KANSAS  
DEPARTMENT OF BACTERIOLOGY  
LAWRENCE

TWO'S 1/26			

January 18, 1937

To whom it may concern:

Mr. Willard Smith, who was a student in the Department of Bacteriology during the years 1935-36, completed in all twenty-eight hours of bacteriology in a satisfactory manner. In my opinion he will make a good technician for some laboratory. I have found him very easy to get along with, industrious, and honest. He has a very fine reputation and is generally regarded as a young man of excellent character. It is a pleasure to have the opportunity of writing a word of recommendation for him.

Yours very truly,

N. P. Sherwood, Professor
