Dear Peterson: I suspect that your letter to
Doctor Owen will probably not
result in your being called to Philadelphia - in
view of the income which Doctor Joseph and you
are receiving in Puerto Rico. As a matter of
fact, you will probably have some difficulty in
securing a better berth from a financial point of
view than you seem to have at present. I shall
try to keep you informed of such developments as
occur.

Sincerely yours,

O. BOUSFIELD
