EDWARD DAY STEWART

Teaching fellow
Louisiana State University

English Language and Literature

This man has strong letters (but almost all of them from the Agrarian clique). He wants to stay right on at L.S.U. get his Ph.D. there, and work on Southern ^{literary} regionalism from that base. All this issued just intensify his commitment + prejudice

This chap needs to get out of his provincial environment

In spite of his abilities, I rate the affection as a whole

Long service

C
