

Fellowship Com

January 31, 1941

Dear Moe: Ever since I have been connected with the fellowship program Mr. Embree has repeatedly expressed to me his appreciation of your invaluable service on the Fellowship Committee. Since receiving your letter I raised the question with him as to whether we should think of any change in the Committee membership with reference to you. He was horrified at the thought and said that he considered your work the greatest single contribution. I also know the views of Doctor Alexander; he feels very strongly that your judgment is a great contribution to our work. I know that the others feel the same way. I would be very keenly disappointed if you withdrew. From my point of view you are indispensable.

I am glad to know that the dates I suggested in my letter of the 24th are agreeable to you. As soon as I hear from other members of the Committee I will let you know the exact time and place of the second meeting.

Sincerely yours,

GEORGE M. REYNOLDS
