Brilliant record

But I dread to see slides in
miscegeny made by a 22 year old
boy with no medical background
He could doubtless do the statistical
work all right - but the interpretations
are the significant aspects of
any such study - and I don't
see where Jacob would get his
background for any such interpretations

The Phelps Stokes films are carefully
chosen. On these general nursing
record he rates A - But on
his project and immaturity I have to
put him

B or at best A-
