

0
1939

Administrative Assistant, Christian Street YMCA
Philadelphia.

Also free lance writer

Creative writing.

Remarkable letters especially

from Wisconsin -

He seems to have shifted his
interest from writing to
industrial relations and no
back to writing again

His application is tied in
with a reapplication of Frank
Marshall Davis which discounts
it in my eyes -

His general sense scope & depth
only because of strong letters I
keep him for admission

X
