## Education

For few 'billemel' read at Wash. Carlin  
while T.C. professors speak highly  
of him his actual grades here  
are simply P (never a grade to  
indicate distinction)

I don't see that a T.C. <sup>(theoretical)</sup> thesis  
on T.V.A. and school program  
would be more than one more  
T.C. thesis -

ford face and I must admit  
project + letters are <sup>for</sup> better than  
average of candidates in education
