OSCAR ANDERSON FULLER

Music

This man professing work in music  
gives us only one reference in music  
(the others are political references)  
Evidently he cannot take his  
musical ability very seriously

I can't see just what he  
expects to get from another  
year at U of Iowa. The man  
may be good but he's certainly  
confused or naive in his plans

no change over last year

in 1939 affiliation - except one year old
