

1940

PHILLIP EUGENE JONES

24

Research Assistant, Dept. Agricultural Economics  
Louisiana State University

Economics

Good read. Top letters

Saville of L.S.U. says

"Mr. Jones was the highest ranking  
graduate student in our group in the  
department last year, making a straight A.

Another most promising youngster  
He has not had chance to test  
himself against top competition

I should rate him below Heckman  
(who is same age) but still

Very good  
considered by JEB  
3/20/40

A
