

Candidate **Horace G. Porter** ✓

Special Field

Graduate Assistant in Agricultural Economics
Louisiana State University, Baton Rouge

Agricultural Economics

Plan of Work

I propose to make a socio-economic analysis of the people and their farms in recently settled delta areas of Louisiana to study the characteristics connected with their family-sized farms and the source and characteristics of the settlers. Consideration will be given to both the white and Negro settlers.

Seeking Ph. D. from Cornell University. Duration of study two years, asking assistance for fifteen months to begin June, 1938.

Digest of Application

Born February, 1913, Goodland, Indiana. Single.

B. A. from Arkansas A. and M. College, Monticello, 1936. Graduate study at Louisiana State University, 1936 to date.

Working on study of participation in and the results of the 1934 and 1935 Cotton Adjustment Programs in selected areas of Louisiana.

Fellowships: Arkansas A. and M. College, miscellaneous employment, 1933-34, \$20 a month; laboratory assistant, \$20 a month. Louisiana State University, graduate assistant, 1936-37, \$25 a month; 1937 to date, \$600 a year.
