FROM: Dorothy A. Elvidge, Comptroller

SUBJECT: Fellowship Funds

At the earlier meeting of the Fellowship Committee, I gave you a memorandum showing that \$100,254.93 was available for allocation. Since then, some earlier awards have been released, thereby increasing the free funds to \$102,554.93. Two extensions of \$600 each have already been approved, reducing the amount still available to \$101,354.93.

As I mentioned before, the Executive Committee of the Fund has expressed the hope that a balance of \$10,000 of these funds would remain unallocated and be allowed to lapse, to reinstate our free funds for the amount appropriated to Provident Medical Associates in March.
