Dear Mr. Embree:

I have to serve on a jury hearing piano technical examinations on March 20th from 2⁰⁰ to 4⁰⁰ at the Juillard School.

Since that is the date you would like me to hear your candidates, I have arranged for the use of my studio at school beginning at 4⁰⁰ o'clock.

Do you think it might be a good plan to assign a definite time to each candidate, say at ten minute intervals, to report to my studio (130 Claremont Ave. -

Room 513) for the auditions? After hearing them, I could recall any outstanding ones for further comparison in performance or for additional discussion. Of course I will spend as much time as is necessary to make a considered, fair judgment of each individual, as I know it is very important both to your interests, as well as the candidates', that the evaluation be carefully made.

If you have any further instructions or suggestions, please let me know so that I may be so guided.

With best wishes & hoping to have the pleasure of meeting you the next time you are in town,

Tristfully yours,

Alton Jones
