Remarks:

In a conference with Mr. Embree it was decided to offer Frank Meckan an honorarium of \$250 for his services to the last jury, in view of the fact that he has had to make unusual efforts to serve on the jury, and that he has been active in scouting and locating candidates in art. It was also decided that the same honorarium would be offered for next spring's meeting (1945) in view of the fact that he expects to "scout" for talented candidates this year.
