Dear Dr. Bousfield.,

My work at Harvard is almost completed and after commencement I will be wending my way southward. Before leaving I would like to receive final instructions from you concerning the organization of the work . By that I mean How often would you like for me to send reports of our work? I am not sure to whom I will be responsible for the program. I have received word from Dr. Patterson relative to quarters, but no word of any appointment was enclosed in his letter.

In case your office is responsible for the salary I would like for the check to be credited to my account at the Irving Trust Company, Woolworth Building, New York City.

My conferences with Dr. Nelson, of the Massachusetts State Department of Health have been very instructive.

Hoping that this letter finds you well I am

Yours sincerely,

William B. Perry
