~~SCHOLARSHIP~~

Dear Miss Sims: I was very greatly pleased yesterday when I talked with Mr. Dent, Superintendent of Flint-Goodridge Hospital, in Cleveland and learned that he is looking forward, with great interest, to your coming to New Orleans. I took a rather long-range shot when I thought you might be interested in that position. I hope that you will be happy in New Orleans and that the work there may be such as to warrant further assistance at some time.

Very truly yours,

M. O. BOUSFIELD

Dear Dr. Bousfield:

MOB	9/30	MOB	10/1

I appreciate the kindly interest that you have shown me which has made it possible for me to become affiliated with Flint Goodridge Hospital. I have been accepted there as Obstetrical Supervisor. This will enlarge my experience.

In the meantime may I ask that my application on file with you be retained for consideration in the program of The Julius Rosenwald Fund? I am appreciatively yours -

Ellie J. Sims
