

Room 916

Fellowship  
Com.

February 10, 1948

Dear Mr. Creanza: This is concerning facilities for an audition for our fellowship applicants in Music about which I talked to you several weeks ago.

I should now like to make a definite arrangement for Sunday, March 7, at 1 o'clock to have available a studio and an accompanist. There will only be about three or four candidates. Of course, whatever expenses are involved, the Fund will take care of.

Won't you please have your secretary call me at Drexel 7100, and tell me if this is agreeable, and how the room should be designated to which you want the candidates to come.

With much appreciation of your cooperation,

Sincerely yours,

HR
