

Fellowship  
Com.

February 25, 1948

Dear Arna: With the exception of two digests, for Clinton Oliver (Language & Literature) and Pauline Phelps (Renewal) the balance of the fellowship digests is being sent to you today. As soon as the references on these two have been received, the digests will be mailed to you, probably within a week.

As you will notice, I am not sending any of the digests for those applications which will be submitted to our various juries, except in the case of renewals. The juries will meet in time to send you their reports and recommendations as well as the digests well in advance of our final Fellowship Committee meeting in April.

Looking forward to seeing you for coffee on the 11th,

Sincerely,

WJC
