

1939

MARGARET W. JACKSON

22

WPA Research Worker, Washington

Political Economy

Good grades at Howard

Berke says "very able student,  
though not a brilliant one"

A clear cut definite project: to study  
effect of wages & hours bill on  
certain types of colored women workers  
in Washington -

I do not think we have sufficient  
evidence of absolutely top ability  
to give a fellowship, though the project  
and the person are very interesting -

B+
