

December 26, 1940

To the Members of the Fellowship Committee:

We have felt for some time that there should be additional Negro representation on the Fund's Fellowship Committee. After careful consideration, I have appointed Robert C. Weaver as an additional member of the Committee, and I am glad to report that he has accepted. As you doubtless know, Mr. Weaver is administrative assistant to the Council of National Defense. He has for seven years been a part of the federal administration. He represents an excellent balance between scholarship and administrative experience. I am sure he will be a worthy and useful addition to the Committee.

EDWIN R. EMBREE
