

Fellowship Com

January 14, 1938

Dear Mr. Alexander: We are sending you today the first group of digests, assembled according to the categories represented in the first group. We shall submit blocks of digests from time to time as they are completed, as we did last year. If you have any preferences as to the number of digests you would like to receive at one time, I hope you will feel free to give me your suggestions.

Mr. Embree and I have discussed possible dates for a preliminary meeting of the Fellowship Committee. We have decided to suggest Saturday and Sunday, March 5 and 6. If this is not convenient, how would the following week-end, the 12th and 13th, suit you?

Up to date we have around four hundred applications in the office, with two more days before the dead line.

Please pass along any suggestions you may have regarding the method of presenting the materials. Particularly if you desire additional information on any one of these candidates, please advise us.

Although we probably will not have as many applications as we did last year, the general quality of the applicants has shown a marked improvement.

With warmest personal regards,

RP:McK

Very truly yours,

Mr. W. W. Alexander
