FELLOWSHIPS

October 9, 1946

Dear Mr. Braxton: I am writing to you as a current
Rosenwald Fund Fellow to enlist your
aid in helping us locate individuals who may be promising
fellowship material for 1947.

Applications are coming in regularly,
but we are, of course, eager to receive as many as possible
from persons of superior caliber. Since you are familiar
with our program, we feel that your recommendations would
be especially valuable. As you know, we are interested not
only in graduate students and academic people, but also in
journalists, ministers, labor leaders, and others in positions
of social influence and potential leadership. Your interest
and co-operation will be greatly appreciated by the Committee
on Fellowships.

For your convenience I am enclosing
some announcements which you may pass along to those whom
you wish to acquaint with our grants.

Sincerely yours,
WILLIAM C. HAYGOOD
