My dear Doctor Bousfield:

The local Urban League has just asked us to prepare and arrange a radio sketch for Negro Health Week Apr 1, with a group of our students. Dr. Beavell's Secretary suggested that I write you at once for any plays or materials you might have available which we might work over into a suitable sketch. If you can offer us any assistance please let me hear from you at once.

Sincerely yours,  
Valla Dudley Abington  
Health Counselor
