

Candidate **Haskell Pruett**

Special Field **Visual Education**

Professor of School Administration, Director of Visual Education Service, Oklahoma A. and M. College, Stillwater

Plan of Work

By personal investigation and study, develop plans for laboratories with available equipment (or that which can be made) for effective production of pictures as visual aids, based upon the southern educational conditions of the average classroom teacher, and develop a program for the administration of the same.

Duration of study ten months to begin August, 1938. Will return to present position.

Digest of Application

Born June, 1897, Palo Pinto County, Texas. Married, two children.

B. S., 1928, M. A., 1930, Ph. D., 1933, from George Peabody College. M. S. from University of Oklahoma, 1930.
