

O
1939

Instructor of English and director dramatics

Drama

Very interesting case

walker has certainly made an
impression at Tuskegee both
in English & dramatics

His idea of a "Little Theatre for
the Rurals" is fine & may be to
some extent possible

ford read at every thing he has
touch (including scholarship)

This kind of thing may well
be stressed at Tuskegee as part
of the equipment of rural teachers

A-
