

Negro Phip

September 12, 1941

My dear Colonel Michie: I have just had  
a letter from

Dr. Von D. Mizell, who is now in Fort  
Lauderdale, Florida. I am glad to have been  
of assistance in this case, and I think this  
is by far the best solution.

Very truly yours,

M. O. BOUSFIELD

My dear Mizell: I am very happy that you  
are at home. Best of  
good luck to you.

I doubt that I shall be  
in Florida this winter, or at any rate any  
father South than Tallahassee. We will  
probably have a hospital meeting there, and  
I hope you will come.

Sincerely yours,

M. O. BOUSFIELD
